

ENERGY STAR® Application for Certification

92

ENERGY STAR ® Score¹

Two Twenty Two Berkeley

Registry Name: Two Twenty Two Berkeley

Property Type: Office

Gross Floor Area (ft²): 524,038

Built: 1991

For Year Ending: 05/31/2016²

Date Application Becomes Ineligible: 09/28/2016

- 1. The ENERGY STAR Score is based on total source energy. A score of 75 is the minimum to be eligible for the ENERGY STAR.
- 2. Applications must be submitted to EPA within 120 days of the Year Ending Date. The award is not final until approval is received from EPA.

Please use the <u>Licensed Professional's Guide to the ENERGY STAR</u> ® for Commercial <u>Buildings</u> for reference in completing this checklist (http://www.energystar.gov/lpguide).

1. Review of Whole Property Characteristics

Basic Property Information		
1) Property Name for Registry: Two Twenty Two Berkeley Is this the official name to be displayed in the Registry of ENERGY STAR Certified Buildings and Plants?	X Yes	□No
If "No", please specify:		
2) Property Type: Office	X Yes	☐ No

Is this an accurate description of the primary use of this property?		
3) Location: 222 Berkeley Street Suite 100 Boston, Massachusetts 02116	X Yes	□No
Is this correct and complete?		
4) Gross Floor Area: 524,038 ft² Does this represent the entire property? (i.e., no part of the building/property was excluded/subtracted from the total) If "no" please specify what space has been excluded.	X Yes	□No
5) Average Occupancy: 1079	X Yes	□No
Is this occupancy accurate for the entire 12 month period being assessed?		
6) Number of Buildings: 1 Does this number accurately represent all structures?	X Yes	□No
Notes:		
Indoor Environmental Standards		
Indoor Environmental Standards 1) Ventilation for Acceptable Indoor Air Quality Does this property meet the minimum ventilation rates according to ANSI/ASHRAE Standard 62.1, Ventilation for Acceptable Indoor Air Quality?	X Yes	□ No
Ventilation for Acceptable Indoor Air Quality Does this property meet the minimum ventilation rates according to ANSI/ASHRAE	X Yes	□ No
 Ventilation for Acceptable Indoor Air Quality Does this property meet the minimum ventilation rates according to ANSI/ASHRAE Standard 62.1, Ventilation for Acceptable Indoor Air Quality? Acceptable Thermal Environmental Conditions Does this property meet acceptable thermal environmental conditions according to 	_	

2. Review of Property Use Details

Office: (b)	(4)			
This Use Det	ail is used to calculate the 1-100 ENE	ERGY STAR Score.		
★ 4\ Cross	Elect Area 269 012			
Is this the enclosing such as: restroom Floor Are pipes an all area in the cabase levels. Tor exterior	g fixed walls of the building(s)? To occupied tenant areas, commons, elevator shafts, mechanical edea should not include interstitial put description. Gross Floor Area is inside the building(s). Leasable suse where there is an atrium, you el only. Do not increase the size the Gross Floor Area should not it or loading docks and driveways.	en the principal exterior surfaces of the this includes all areas inside the building(s) areas, meeting areas, break rooms, quipment areas, and storage rooms. Gross elenum space between floors, which may house a not the same as rentable, but rather includes pace would be a sub-set of Gross Floor Area. should count the Gross Floor Area at the to accommodate open atrium space at higher include any exterior spaces such as balconies	X Yes	□No
above re	epresents a time-weighted averag	ge of the values over this timeframe. The changes resulting in the value displayed above:		
	Timeframe	Value		
	06/01/2015 – 02/13/2016	368,012 ft²		
	02/14/2016 - 05/31/2016	368,012 ft²		
of the en shutting staff, or	nployees? It does not include how down, or when property is occup	that the property is occupied by the majority urs when the HVAC system is starting up or ied only by maintenance, security, cleaning perties with a schedule that varies during the ed.	X Yes	□No
🖈 3) Numb	er of Workers on Main Shift	: (b) (4)		
count of example Workers employe who perf	workers, but rather a count of wo , if there are two daily eight hour on Main Shift value is 100. Num es of the property, sub-contracto	ork during the primary shift? This is not a total orkers who are present at the same time. For shifts of 100 workers each, the Number of ber of Workers on Main Shift may include rs who are onsite regularly, and volunteers or of Workers should not include visitors to the patients.	X Yes	□No
🖈 4) Numb	er of Computers: (b) (4)			
	should not include tablet comput	tops, and data servers at the property? This ers, such as iPads, or any other types of office	X Yes	□No
★ 5) Perce	nt That Can Be Heated: ^{© (4)}			
Is this th	e total percentage of the property	y that can be heated by mechanical equipment?	X Yes	☐ No
☆ 6) Perce	nt That Can Be Cooled: [5] (4)			
			X Yes	□No

Is this the total percentage of the property that can be cooled by mechanical equipment? This includes all types of cooling from central air to individual window units.		
Notes:		
Office: (b) (4)		
This Use Detail is used to calculate the 1-100 ENERGY STAR Score.		
★1) Gross Floor Area: 13,703		
Is this the total size, as measured between the principal exterior surfaces of the enclosing fixed walls of the building(s)? This includes all areas inside the building(s) such as: occupied tenant areas, common areas, meeting areas, break rooms, restrooms, elevator shafts, mechanical equipment areas, and storage rooms. Gross Floor Area should not include interstitial plenum space between floors, which may house pipes and ventilation. Gross Floor Area is not the same as rentable, but rather includes all area inside the building(s). Leasable space would be a sub-set of Gross Floor Area. In the case where there is an atrium, you should count the Gross Floor Area at the base level only. Do not increase the size to accommodate open atrium space at higher levels. The Gross Floor Area should not include any exterior spaces such as balconies or exterior loading docks and driveways.	X Yes	□No
★ 2) Weekly Operating Hours:		
Is this the total number of hours per week that the property is occupied by the majority of the employees? It does not include hours when the HVAC system is starting up or shutting down, or when property is occupied only by maintenance, security, cleaning staff, or other support personnel. For properties with a schedule that varies during the year, use the schedule most often followed.	X Yes	□No
☆ 3) Number of Workers on Main Shift: □□□□		
Is this the total number of workers present during the primary shift? This is not a total count of workers, but rather a count of workers who are present at the same time. For example, if there are two daily eight hour shifts of 100 workers each, the Number of Workers on Main Shift value is 100. Number of Workers on Main Shift may include employees of the property, sub-contractors who are onsite regularly, and volunteers who perform regular onsite tasks. Number of Workers should not include visitors to the buildings such as clients, customers, or patients.	⊠ Yes	□No
★ 4) Number of Computers: 100		
Is this the total number of computers, laptops, and data servers at the property? This number should not include tablet computers, such as iPads, or any other types of office equipment.	X Yes	□No
★ 5) Percent That Can Be Heated: (5) (4)		
Is this the total percentage of the property that can be heated by mechanical equipment?	X Yes	□No

OMB No. 2060-0347

Professional Engineer Stamp

NOTE: When applying for the ENERGY STAR, the signature of the Verifying Professional must match the stamp.

5. Signatory Agreement

I hereby nominate the above described property for award of the ENERGY STAR. I have provided a copy of the Licensed Professionals Guide to the ENERGY STAR for Commercial Buildings to our Licensed Professional (LP) for reference. As documented by the above checklist, this property meets the conditions necessary to qualify as ENERGY STAR. I am submitting this application within four months of the Year Ending Date (May 31, 2016) used to generate the application. I will assist EPA, if requested, in verifying any data included in this application. Furthermore, I agree to associate the ENERGY STAR logo only with this property and to adhere to the ENERGY STAR Identity Guidelines.

Signature (must be a direct employee of the building owner/manager):
